What's fisting? [2]

Dear Alice,

I have a question. My friends often make jokes about something called "fisting." I feel really left out when they joke about it, so could you please tell me what fisting is?! Thanks a lot.

Just wondering

Semen goes where? [3]

Dear Alice,

I was just wondering what happens to semen after it has been ejaculated into a woman's vagina. Does it just stay there until it dies, or does it seep out? If it stays in, what happens to it once it dies?

Thanks,
Prude and Wondering

C'mon, tell me about chlamydia [4]

1) Dear Alice,

What exactly is chlamydia? How is it transmitted? Can you get it through oral sex (man on
woman)? How is it treated (especially in the case of males)?

Help!
— Need to know asap!!!

2) Dear Alice,

Could you tell me about the symptoms of chlamydia and if one test is enough to detect that disease? Thank you.

Types of condoms [5]

1) Dear Alice,

I've never bought condoms before. I'm a smart shopper — I look at things like quality and value when I buy anything — and I want to do the same with my condom purchases. But I don't know what to look for!!! And I'm not sure I'm ballsy enough to walk up to the pharmacist and ask, "Now, tell me, if your daughter were having sex, which brand of condom would you want her to use with her boyfriend?"

I want a really effective condom, that doesn't, like, smell weird or fit poorly or anything. And I don't want to whip it out and have my man laughing at it.

Who do I ask for advice on this??? Where do I go?

2) Dear Alice,

My boyfriend and I have recently decided that we will use condoms and spermicide for contraceptive purposes. We have begun experimenting with various brands/types of condoms, which has caused concern. Can you explain the various types of condoms, and/or the advantages/disadvantages of each, i.e., effectiveness, etc. Lambskin vs. latex vs. polyurethane??? We are monogamous and primarily concerned with pregnancy prevention.

Thanks for the help!

What exactly is the vulva? [6]
1) Dear Alice,

What is the vulva?

— knowledge-searching person

2) Alice,

Could you please settle an argument for me? Does the vulva in women consist of everything between the pubic mound to the rectum, or is the vagina separate? I thought that the vulva consisted of everything and my sister says that the urethra and vagina aren’t included. Thanks
