Asking for a kiss goodnight? [2]

Dear Alice,

I've always been a guy who has a lot of fun on dates, but performs absolutely awful when it comes to the kiss goodnight (or the first kiss with a girl). I just feel it is awkward and was wondering how a woman likes a guy to go about it. Whether boldly or just asking for a kiss?

Kissing with eyes open [5]

Dear Alice,

My boyfriend kisses with his eyes open. I've heard you are not supposed to trust people who kiss with their eyes open. I naturally kiss with my eyes closed (except to peek occasionally to see if his eyes are open). What's up with kissing with your eyes open?! What does that mean?

Kissed by someone with HIV? Infected?

Dear Alice,

Although this may sound like a really silly question coming from a graduate student, it's something I need to find out. A couple of weeks ago I was at a party. A "gay" friend of mine came over to me and kissed me near my mouth. As it turns out, this person was recently diagnosed as having the AIDS virus. Now, I am completely paranoid. I am a monogamous, as well as an incredibly responsible individual. Please let me know if I need to be "tested," or if I am worrying in vain. I hope you take the time to answer this question, because I am sure there are plenty of people who share the same concern.

Signed,
Is it the Kiss of Death?

It has been months since he has kissed me. I am starving for affection. I happen to be in love with this man.
